

HASTEN™ SPRAY ADJUVANT

COMMERCIAL

READ THE LABEL AND LEAFLET BEFORE USING

REGISTRATION NUMBER: 27420 PEST CONTROL PRODUCTS ACT

GUARANTEE: methyl and ethyl oleate (esterified vegetable oil)..... 73.3 %

CAUTION: SKIN IRRITANT

Net Contents: 4 L to 1400 L, Bulk

Registered by:

Victorian Chemical Co Pty Ltd
83 Maffra St
Coolaroo Vic 3048
Australia

Distributed by:

Norac Concepts Inc.
PO Box 31097
Guelph ON N1H 8K1
Canada
(519) 821-3633

PRECAUTIONS:

KEEP OUT OF REACH OF CHILDREN

May irritate skin.

Avoid contact with eyes, skin or clothing.

Wash thoroughly with soap and water after handling.

Avoid breathing spray mist.

Do not contaminate water, food or feed.

Store away from food or feed.

Protective Clothing and Equipment:

Wear long-sleeved shirt, long pants and chemical resistant gloves during mixing, loading, application, clean-up and repair.

Re-entry Restrictions:

Workers should not enter treated fields within the period of re-entry time stated on the label of the pesticide product applied in conjunction with HASTEN Spray Adjuvant.

Environmental Precautions and Information:

Do not contaminate water supplies, wetland areas, or any body of water by direct application, spray drift or when cleaning and rinsing spray equipment or containers.

USE ONLY FOR RECOMMENDED PURPOSES AND AT RECOMMENDED RATES.

FIRST AID:

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

If swallowed: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

If in eyes: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

TOXICOLOGICAL INFORMATION:

Medical personnel should contact Victorian Chemical Company or Norac Concepts Inc. at 613-787-5620

STORAGE:

Keep in original container during storage. Store the tightly closed container away from feeds, seeds, fertilizers, plants and foodstuffs.

DISPOSAL:**Recyclable Container Disposal:**

Do not reuse this container for any purpose. This is a recyclable container, and is to be disposed of at a container collection site. Contact your local distributor/dealer or municipality for the location of the nearest collection site. Before taking the container to the collection site;

1. Triple – or pressure-rinse the empty container. Add the rinsing to the spray mixture in the tank.
2. Make the empty, rinsed container unusable for further use. If there is no container collection site in your area, dispose of the container in accordance with provincial requirements.

Returnable Container Disposal:

Do not reuse this container for any purpose. For disposal, this empty container may be returned to the point of purchase (distributor/dealer).

Refillable Container Disposal:

For disposal, this empty container may be returned to the point of purchase (distributor/dealer). It must be refilled by the distributor/dealer with the same product. Do not reuse this container for any other purpose.

Disposal of Unused, Unwanted Product:

For information on disposal of unused, unwanted product contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

NOTICE TO USER:

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.

DIRECTIONS FOR USE**Application Instructions:**

HASTEN Spray Adjuvant may be tank mixed with various herbicide tank-mixes. Follow all instructions on rates and precautions included on the herbicide labels. They may be stricter than those required for HASTEN Spray Adjuvant.

Mixing Instructions:

Fill spray tank one-half full of water. Add the required amount of herbicide while agitating. Add remainder of water. Add the required amount of HASTEN Spray Adjuvant last and continue agitation until the completion of spraying.

GENERAL INFORMATION

HASTEN Spray Adjuvant is an esterified vegetable oil-based spray adjuvant. It has been designed to enhance the efficacy of the herbicide products, Option 35 DF, Tribute Solo 32 DF, Refine Extra 75 (Dry Flowable), Refine SG Herbicide, Refine SG Toss-N-Go Herbicide and with Adrenalin SC.

Option 35 DF is a post-emergent herbicide that controls a broad spectrum of grassy and broadleaf weeds in field corn grown in Eastern Canada. Apply 100 g Option 35 DF per hectare in 150 to 300 L/ha of water with liquid nitrogen fertilizer (28% UAN) at a rate of 2.5 L/ha and HASTEN Spray Adjuvant at a rate of 1.75 L/ha. Use of a spray-grade liquid nitrogen fertilizer is recommended.

Tribute Solo 32 DF is a post-emergent herbicide that controls a broad spectrum of grassy and broadleaf weeds in field corn grown in Eastern Canada. Use HASTEN Spray Adjuvant at a rate of 1.75 L/ha with Tribute Solo 32 DF.

Refine Extra 75 (Dry Flowable), Refine SG Herbicide and Refine SG Toss-N-Go Herbicide are recommended for selective postemergence control or suppression of broadleaf weeds in wheat (spring, winter or durum), barley and oats not underseeded to legumes or grasses, and seedlings and established grass species for forage and seed production only.

For applications of Refine Extra herbicide alone or in tank mixtures with other herbicides recommended on the Refine Extra label and for which use of a non-ionic surfactant is recommended, HASTEN Spray Adjuvant at 0.5% v/v may be substituted for the non-ionic surfactant.

For applications of Refine SG Herbicide alone or in tank mixtures with other herbicides recommended on the Refine SG Herbicide label and for which use of a non-ionic surfactant is recommended, HASTEN Spray Adjuvant at 0.5% v/v may be substituted for the non-ionic surfactant.

For applications of Refine SG Toss-N-Go Herbicide alone or in tank mixtures with other herbicides recommended on the Refine SG Toss-N-Go Herbicide label and for which use of a non-ionic surfactant is recommended, HASTEN Spray Adjuvant at 0.5% v/v may be substituted for the non-ionic surfactant.

Adrenalin SC is recommended for use on imazamox-tolerant wheat (Clearfield wheat). Apply Adrenalin SC at the recommended rate with HASTEN Spray Adjuvant at 0.5% v/v.
