Put an X where you see trouble.

Colour in the safe habits.
If you see a bear at a campsite or near your home, move slowly towards the closest, safe place. A safe place is inside a car or a building, or with a group of people standing together.

Never run from a bear. Like a dog, it may chase you.

When you are in bear country, stick with a friend.

If you surprise a bear up close in the wilderness, DON’T TURN AND RUN. Move closer to your friend.

The bear may come closer, stand upright to get a better look or circle around you to get your scent.
Wave your arms slowly and talk calmly to the bear. Help it figure out what you are.

The bear may talk to you in its own language... popping its teeth, huffing and growling...telling you to go away.

Leave slowly, staying close to your friend... always facing the bear.

If the bear follows you, stop moving and call for help.
Connect the dots from 1 to 50.

Tell what is happening in the picture.
